Cumulative GPA: 3.79/4.0

Relevant Coursework: Software Engineering; User Experience; Multimedia Programming Foundation; Algorithms

Dibimbing Digital Indonesia - Depok, Indonesia Aug 2023 - Mar 2023 (Expected)

Front-End Web Development

Relevant Coursework: Javascript; HTML/CSS; Git; React; Redux; Next JS

Work Experience

CV Tri Jaya - Tangerang Selatan, Indonesia Aug 2023 - Oct 2023

UI/UX Designer & Front-End Developer

- Collaborated in a team of three to develop and design a responsive website. Played a key role in creating a user-friendly interface and ensuring a seamless user experience, resulting in increased user engagement
- Utilized the Laravel framework to build the website. Translated design concepts into functional web pages by implementing HTML, CSS, Bootstrap, and JavaScript

Fiverr Freelancer Jul 2018 - Sep 2021

Digital Drawing Commission Artist

- Managed international clients by accepting digital drawing commission requests and created custom assets and illustrations for small businesses, catering to their specific needs and brand identity.

Experiences

Nippon Club BINUS University - Tangerang Selatan, Indonesia Sep 2021 - Present

Member of Art Community

- Actively participated in community gatherings, especially digital drawing sessions, fostering creativity and camaraderie among members
- Collaborated with fellow members offline marketplace events, where we showcased and sold our drawing goods

The 4th International Conference on Artificial Intelligence and Data Sciences - Selangor, Malaysia Aug 2023

Presenter & Research Author

- Presented original research virtually on the application of Convolutional Neural Networks (CNN) in the field of Artificial Intelligence where the research was selected for publication in an IEEE journal
- Served as the main author of the research paper, contributing to the development of the research idea

University Projects

E-Commerce Website Platform: Schuhe and Kosuplay Apr 2023 - Present

UI/UX Designer, Front-End Developer, Back-End Developer

- Collaborated within a team to design and develop two e-commerce platforms, Schuhe for a shoe brand and Kosuplay for cosplay enthusiasts. As the UI/UX designer, I created engaging and user-friendly interfaces, enhancing the user experience.
- My front-end and back-end development work brought these designs to life using Laravel framework.
